## Feedback Acceptance

If you have come to this form without agreeing to the DMTF Feedback Policy, please [go there now](#).

All DMTF standards are subject to continuous review and improvement. As part of this process, we encourage readers to report any ambiguities, inconsistencies, or inaccuracies they may find in our specifications.

Please use this form to notify the DMTF about the problem you have found, and be as precise as possible.

If you would like to propose a solution to the problem, please include that in your description as well.
